

This listing of claims replaces all prior versions, and listings, of claims in the application:

LISTING OF CLAIMS

Claims 1-5 (cancelled)

6. (currently amended) A method for representing lanes with a road database comprising:
storing in the road database data representations of physical road lanes; and
associating with each data representation of a physical road lane
data indicating start and end points of the represented physical road lane;
and
data indicating what linearly extending physical features are adjacent to and
extend along the represented physical road lane on a right side and a left side thereof.
~~The method of Claim 1 and~~ wherein the data indicating what linearly extending physical features are adjacent to and extend along the represented physical road lane indicate that a shoulder is located adjacent to the represented road lane on a specified side thereof.

Claims 7-13 (cancelled)

14. (currently amended) A method for representing lanes with a road database comprising:
storing in the road database data representations of physical road lanes; and
associating with each data representation of a physical road lane
data indicating start and end points of the represented physical road lane;
and
data indicating what linearly extending physical features are adjacent to and
extend along the represented physical road lane on a right side and a left side thereof,
associating with each data representation of a physical road lane data indicating a
geometry of the represented physical road lane;
~~The method of Claim 12~~ wherein the geometry of a represented physical road lane is represented using a spline.

Claims 15-28 (cancelled)
